

# LASH LIFT & TINT AFTERCARE

- ✓ Do not apply make-up or receive any other eye treatments for at least 24 hrs.
- ✓ Keep eyelashes dry and avoid swimming/sauna for 24 hours.
- ✓ Tinting will be darker and more defined immediately after. Oil-based make-up remover can cause tint to fade faster.
- ✓ Use an eyelash conditioner daily.
- ✓ Avoid touching the eye area after treatment. Touching can add oils to the area (from fingers/hands) which can cause the lift to dr
- ✓ Comb the lashes upwards using a mascara wand when needed.
